From 18 to 22 November, 2019 in Tashkent in the exhibition pavilions of JSC "Uzexpocentre" is held Republican Industrial Fair and Cooperation Exchange.

At this industrial forum “Uzbekistan Airways” presents goods and products used by the airline and offered for localization by domestic manufacturers. Visitors can also get acquainted with the possibilities of the airline in passenger and cargo

transportation, services of “Uzbekistan Airways Technics” airline in maintenance and repair of aircraft, their components and interior, rescue equipment, painting of all types and modifications of aircraft.

Participation in the Republican Industrial Fair and Cooperation Exchange, along with the opportunity to study the market and strengthen existing ties, will undoubtedly allow the airline's specialists to conduct a number of negotiations and conclude new mutually beneficial contracts, expand existing and establish new partnerships, as well as form a portfolio of orders for the near and medium term.
